RESOLUTION

To: The Honorable Board of Commissioners
Huron County
Michigan

WE, the LEGISLATIVE COMMITTEE, respectfully beg leave to submit the following resolution for your consideration:

WHEREAS, roads are the backbone to the social, cultural, and economic stability of Huron County and our region; and

WHEREAS, Senate Bill (SB) 396 (S-5) passed and reported out of the Senate Transportation Committee on September 6, 2018, allows exemptions from seasonal weight restrictions (also known as "frost laws") to the forest product industry during the spring thaw when roads are the most vulnerable to damage from heavy loads; and

WHEREAS, it is a fact that in Huron County and throughout all Northern states that roads become soft in the spring as frost melts, and applying unrestricted 164,000-pound truck loads and traffic on soft roads, whether paved or unpaved, is poor public policy that defies common sense when it comes to road preservation, and will lead to significant damage to the road system, economic damage in Huron County, and an increased risk to drivers in our region; and

WHEREAS, SB 396 also grants exemptions to the forest industry that will allow the hauling of forest products and transport of equipment on the public road system without obtaining proper permits from road authorities at all times of the year; and

WHEREAS, the provisions of SB 396 *will result in costly damage to the public road system which is the opposite of what the Michigan Legislature and the people of Michigan called for in the 2015 Michigan Transportation Package*; and

WHEREAS, the provisions of SB 396 *will negatively impact the traveling public* accessing the road system, resulting in burdening road authorities with expensive reactive maintenance repairs and significantly increased taxpayer costs and township contributions to maintain the public road system; and

WHEREAS, the provisions in SB 396 and subsequent impacts to the local road system will negatively impact the health, safety, and welfare of the Huron County residents and the traveling public; and

WHEREAS, the Huron County Board of Commissioners and the Huron County Road Commission work closely with the logging industry to accommodate this valuable contributor to the Michigan economy, while also continuously monitoring road conditions and permitting the logging industry to move equipment and material on roads when the roads can structurally support such loading without negatively impacting the road system and the traveling public; now

THEREFORE, BE IT RESOLVED that the Huron County Board of Commissioners hereby strongly opposes SB 396 (S-5); and

BE IT FURTHER RESOLVED that a copy of this resolution be forwarded to all Michigan counties, Representative Canfield, Senator Pavlov, Governor Snyder, and Michigan Association of Counties.

Respectfully submitted,

LEGISLATIVE COMMITTEE

EFFECTIVE DATE: October 1, 2012

REVISION DATE: November 20, 2018

Travel Policy:

This policy applies to all Board members, elected officials, employees, and agents of the County as defined in Board Rule XVIII of the *Rules of the Muskegon County Board of Commissioners*.

Travel within the state by employees of the County shall require only the approval of their Director. Interstate travel requires that a travel authorization form be completed and prior approval must be obtained by the Administrator and Board of Commissioners Chair. The County will pay for all approved travel as long as these conditions are met:

1. If traveling by air, flights **must** be in and out of Muskegon County Airport. An exception to such rule shall be in the case of an emergency situation or if an undue delay in travel would result from the application of this rule.
2. The mode of transportation selected shall be the most economical available to provide necessary connections and to accommodate meeting schedules. County will pay for the most economical option of travel.

In the case that an employee decides to fly when it is more economical to drive, the County will only pay the expenses for driving, the employee is responsible for the difference.

Reimbursement for meals will be limited to the IRS per diem (M&IE, which is Meals and Incidental Expenses) rates. The County does not reimburse for alcoholic beverages. **Reimbursement for in-county meals for meetings including only County directors, department heads, managers and staff, is prohibited unless participants are working an extended period of time and approval has been received from the Administrator.**

Pay Correction Policy:

The County will make corrections to pay errors in the next pay, regardless of the origin of the error. However, if the error is greater than 8 hours of regular pay, an additional check may be issued to the employee in the current pay. If the error has no net pay effect, i.e. charged sick instead of vacation, even if it is greater than 8 hours, the adjustment will be made in the next pay.

The department must send a written request to payroll, either an e-mail or inter-office memo, stating the date and number of hours that need to be corrected.

A Grant Information form shall be completed and submitted with the grant request at the time Board approval is requested. A partially completed form can be submitted as a budget request to the budget office for initial review and for budget consideration. After Board approval, a completed copy of the form shall be submitted to the Accounting Office with a copy retained by the department.

No locally generated revenues will be used to replace original funding for activities, which are or have been the responsibilities of the Federal and State governments. Grant applications to fund new service programs with Federal and State funds should be reviewed by the County Board with significant consideration given to whether locally generated funds will be required to support these programs when original funding is no longer available.

Grant fund positions will automatically be sunsetted unless a majority affirmative vote by the Board of Commissioners to continue the positions is approved and the sources of continued funding are identified.

When invoices and check requests are submitted for payment, Accounting Office staff may review vendor files for a Form W-9. If a Form W-9 is not currently on file and there is a phone number or e-mail for the payee, the Accounting Office may contact the vendor to request the Form W-9. If there is not a phone number or e-mail, the employee who approved the payment may be advised that payment is being withheld until a completed Form W-9 is received.

All other collection actions shall be done by the department responsible for the establishment of the receivable. Amounts of less than \$500 can be written off administratively.
